RE: LEGAL NOTICE - Please publish one time at least 7 days  
prior to 9-11-18:

Please forward Proof of Publication for the following Notice of Hearing:

A public hearing will be held by the Tri-Basin Natural Resources District (NRD) Board of Directors on September 11, 2018 at 7:30 PM in the Board Room at the Tri-Basin NRD Office at 1723 Burlington Street in Holdrege, Nebraska. This hearing is being held to receive testimony from the public about whether to designate portions of the district for groundwater quantity management, particularly: in Kearney County, Township 5N, R 13 W (Grant) sections 1-36 inclusive, as Phase II for groundwater quantity management. This designation is being considered because a three-year average of springtime groundwater levels in this township have declined more than five (5) feet below 1981-85 average levels. This township, therefore meets criteria in the Natural Resources District rules and regulations (rule 8.2.2.1) for designation as a phase II groundwater quantity management area.

At said time and place, testimony will be received from all interested persons. Individuals with disabilities may request auxiliary aids and service necessary for participation by contacting the Tri-Basin NRD at (308) 995-6688. An agenda for the hearing is kept continually current and is available for public inspection at the offices of Tri-Basin Natural Resources District at 1723 Burlington Street, Holdrege, Nebraska.

Copies of the district rules and regulations are available during normal business hours at the Tri-Basin NRD Office, 1723 Burlington St.,

Holdrege, Nebraska. District residents can also read the complete text of the proposed rules on the Tri-Basin NRD web site, [www.tribasinnrd.org](http://www.tribasinnrd.org), or receive a copy by mail by calling the NRD toll-free number, (877) 995-6688.
